Alleged San Carlos Mail Thief Is Arraigned in El Paso Court

A San Francisco postal inspector was en route to El Paso, Tex., today to bring back a San Carlos railway mail clerk who was arrested there last week charged with theft of registered mail containing currency.

George Pelaez, 22, the clerk, was arraigned last Saturday in El Paso before U. S. Commissioner A. J. W. Schmidt then returned to jail under \$5000 bond after he waived a hearing.

Pelaez is expected to be brought back to San Francisco where legal mechanics call for a grand jury indictment.

He was arrested by U. S. Immigration officials when he attempted to cross the bridge to Juarez. The registered mail package, stolen while being taken from San Carlos to San Francisco last Feb. 9, contained \$3000.

Carl Alber Bugs Jap In Battle

SAN MATEO — News that a former San Mateo fireman, bagged a Japanese plane in the South Pacific came Wednesday with a letter to Noel Chanteloup, from Carl Alber, now a lieutenant (jg) with the naval air force.

Now a pilot of a fighter plane on a carrier, Lieutenant Alber wrote: "I got one . . . it didn't take very long after I saw it. The firework display was very amazing; too bad you can't be out here to see it."

Friends here believed that it was a Zero fighter plane that Lieutenant Alber shot down, and that it occurred during the U. S. bombardment of the Eniwetok atoll in the Pacific. On Feb. 10, 11 and 12 fleet carrier based torpedo planes, dive bombers and fighters smashed the Jap atoll, press reports revealed. Alber's letter is dated Feb. 14.

Lieutenant Alber was formerly a resident of San Mateo where he graduated from high school and attended San Mateo Junior College. For four years he served as fire alarm operator in the San Mateo Fire Dept. and left that position two years ago to enter the armed services.

His parents have since moved to San Francisco but Lieutenant Alber visited in San Mateo last December when he was in the Bay Area on leave.

A force of 700 janitors and charwomen is required to clean the War Department's Pentagon Building.

The light sent out by the sun is 400,000 times greater than that which the moon reflects.

Sequoia High News

Mrs. Frances Mackin, business secretary at Sequoia High School, will leave Saturday for Fort Des Moines where she will enter training for the WAC.

She will be replaced by Mrs. Helen Aubrey of San Mateo.

Mrs. Alice Black, secretary to Miss Julianne Walters, Sequoia High School counselor, is resigning to take over the secretaryship of the night school under S. S. Mayo. Mrs. Mamie Bockover will be the new secretary to the counselor.

"More people in this country were killed by tuberculosis last year than in the armed forces of the United States," declared Dr. James Farber of the University of California, in a speech to the students of Sequoia High School.

Dr. Farber was brought here by the San Mateo County Tuberculosis Assn. to open the tuberculosis testing program which started today.

Requests have been sent out by the school to the parents of seniors and freshmen at Sequoia. Without these slips, signed by the parents, no test can be given.

The method used is known as the "patch" method and is to determine a positive or negative reaction. It is administered by the San Mateo County Health Dept.

Similar tests were given 500 students last year and the school has already received 820 requests this year according to Mrs. Janette Swindt, school nurse.

Highest railway in the United States is at 11,320 feet above sea level at the continental divide in Colorado.

100 Honor Jack Quinlan At Party

One hundred persons, including state and county officials and peace officers, last night gathered at a dinner party at the Colonial Club near Daly City to pay honor to John H. (Jack) Quinlan of Half Moon Bay, who retired yesterday from the California Highway Patrol after serving in highway patrol work since 1922.

Words of praise were heard from State Sen. Harry L. Parkman, former Assemblyman William Hornblower, Capt. E. F. Cassell of the CHP, Superior Court Judge Maxwell McNutt, Dist. Atty. Gilbert D. Ferrell and Sheriff James J. McGrath.

Chief E. Raymond Cato of the Sacramento office of the CHP pinned a gold star on Quinlan on behalf of the CHP Assn. and presented him with a "rocking chair gift."

Quinlan was eulogized by Gaston Periat, a well-known Coastside resident and a longtime friend of Quinlan. Assemblyman Harrison W. Call was master of ceremonies. Supervising Inspr. Andrew Ford of the CHP in San Francisco was honorary master of ceremonies.

F. L. Baird Leaves \$45,558 Estate

Estate of Floyd L. Baird, who held an interest in the lumber company here bearing his name, is valued at \$45,558.62, Appraiser Bradford M. Melvin revealed Tuesday. Included in the estate is real property in Redwood City, Menlo Park and Palo Alto.

Sheriff Jails Driver Following Auto Accident

Two accidents involving four automobiles at the same location and within five minutes of each other early Monday resulted in injuries to two persons and the jailing of one driver on a charge of reckless driving.

First accident occurred at 12:13 a.m. when automobiles driven by Lt. Wilber C. Thompson, 31, of the San Carlos Dog Training and Reception Center, and a Sergeant Demers, 24, stationed at Belmont, collided on Bayshore Hwy. at the intersection of Broadway, San Mateo. Thompson was injured.

Dep. Sheriffs Ben Silverstein, Milton Minehan and Irwin Bedford, who were patrolling in the area, stopped at the scene of the accident. Minehan got out of the car to flag down traffic with a flashlight. Silverstein drove the car in front of the wrecked vehicle and parked the patrol car facing north with red lights burning and headlights on low beam.

Silverstein started to look in the rear compartment of the car for flares when Minehan yelled to look out as a car was coming "at a terrific speed." The men jumped clear and a car driven north by Arvil Perry, 25, 233 Mandeville Ave., South San Francisco, struck the

patrol car and knocked it several feet, the deputies reported. The patrol car was badly damaged. Perry, who received lacerations and contusions, was booked at the jail here on a charge of reckless driving.

Lieutenant Thompson, involved in the first accident, received a fracture of the right wrist, lacerations and abrasions. He was treated at Mills Memorial Hospital in San Mateo and transferred to Letterman General Hospital in San Francisco.

Mrs. Mary Zemansky, 34, 58 Broadway, San Mateo, suffered a skull fracture at 1:30 a.m. yesterday when the car driven by her husband, Raymond E. Zemansky, 35, struck a telephone pole near Visitation Ave., Brisbane, the California Highway Patrol reported today. Zemansky also was injured. Both were treated at South San Francisco Hospital.

Another resolution recommended that each local chamber attempt to bring about better co-ordination of re-employment facilities for returning service men.

The state board also voted to urge Congress to see that in the disposition of government owned war plants during and after the war eliminations be evenly distributed throughout the country to avoid unfair treatment in any single region.

BURGLAR GETS \$50

Way Lee reported to police here that his laundry at 205 Maple St. was entered between 8 and 10 p.m. last night and a man's gold watch and about \$50 were taken. Entry was gained through a faulty lock on the front door, it was reported.

Delegates Will Introduce Resolutions

John Mack, Sanford Ratliff, and William E. Morrissey, Redwood City Junior Chamber of Commerce delegates, have prepared to lay before the organization resolutions adopted last week end at a meeting of the board of directors of the California State Junior Chamber of Commerce at Fresno.

One resolution calls upon each local chamber to assist in the procedure of providing ballots for men in the armed forces for the coming elections, and to see that the ballots are voted and returned. Each local chamber is asked to call to the attention of individual service men from the community the opportunity to vote and, through postcards, remind them to send the ballots back to the local election authorities.

Another resolution recommended that each local chamber attempt to bring about better co-ordination of re-employment facilities for returning service men.

The state board also voted to urge Congress to see that in the disposition of government owned war plants during and after the war eliminations be evenly distributed throughout the country to avoid unfair treatment in any single region.

Duration-ize your Appliances with timely repair

Your appliances, the same as your car, more than ever before must be treated with care and kept in repair. They are vital these days when you have so much work to do and so little time to do it in. So take care of your electric appliances that do the tiresome chores of housework. Pamper your washing machine, your vacuum cleaner and your iron or ironer as you would a faithful servant. Follow the rules of care and use of your refrigerator so that it will continue to help you conserve and save food. And when the need for repair is indicated, have that repair done at once.

Ask our local office for name of Authorized Service and Repair Dealer.

Gas and Electricity are Vital in War Production even though they are not rationed and are cheap to use—do not waste them!

At His Side... Wherever He Goes

**If I could, I would send myself to stand
beside my soldier as long as he needs my help.**

I would cheer him when homesickness pulls him down.
I would try to make him forget the horror he has witnessed.
I would take his worries on my shoulders and relieve his mind of fear for the welfare of those at home.
I would give him comforts, things not expected at the time and place, and precious on that account.
If my soldier were taken prisoner I would see that he got extra foods, warm clothing and needed medicines.
If he were wounded I would furnish my blood to save his life, and surgical dressings to bind his wounds.
I would be beside him in the hospital to give him comfort, and to make the hours less long.
If he were crippled I would help him adjust himself to his new and smaller world, and were he discharged for disability I would seek to safeguard his interests and to see him and the family through any difficulty.

**I CAN do these things, for I am the RED CROSS. I will
plan my gift as generous as I can make it to the RED CROSS FUND.**

Our Share for 1944, \$58,500

Redwood City Chapter

This year, sixty per cent of the War Fund Quota is retained by the Chapter to carry on our services to the people of these communities and to the Armed Forces.

Increased demands on both the home front and the fighting fronts have caused our budget to be raised from \$11,600 of last year to \$35,000.

The remainder, \$23,500, constitutes our share of the needs of the American National Red Cross to carry on services in the hospitals, the camps and in every theater of war.

The combined Chapter and National Goals, though unprecedented in size, are set to meet unprecedented needs. Voluntary gifts are the only source of support for these essential activities.

**Your Gift Is Needed If We Are To
Reach the Announced Quota**

Entered in the Post Office at Redwood City as Second Class Mail Matter under the Act of March 3, 1879.

McNulty Files Nomination Papers, Issues Statement

"In submitting my name for re-election to the office of councilman, I feel that my years of experience on the board, together with my knowledge of the needs of Redwood City, justify my asking for the support of the voters at the polls Apr. 11."

This is the statement made today by George W. McNulty, who Saturday filed his nomination papers as a candidate to succeed himself.

"I was born in the community and have lived here all my life," McNulty continued. "I am vitally interested in the welfare of Redwood City and its future, particularly the postwar program, which will require careful planning and consideration."

McNulty said he was grateful to his friends for their support, and would appreciate their consideration.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Motor on Furnace Burns Out in House

A smoke-filled basement Sunday brought firemen to the Hillsborough home at 540 Rochampton Rd. of Roy L. Shipstad, nationally known ice skating star of the Ice Follies.

Investigation disclosed that the motor on the furnace had burned out. The mishap was discovered at 10:30 a.m. by Mrs. Shipstad, known to Ice Follies patrons as Bess Earhart, skating star, when she observed smoke from the motor coming through the heat registers in the upper part of the house. Only damage was to the motor, firemen reported.

Three Babies Caught Short on Birthdays

Three babies at Mills Memorial Hospital who were born since midnight Tuesday had the prospect of only having a birthday only once every four years after a glance at the calendar confirms the fact that

POLITICS: San Carlos Starts Progressive Group

With plans for centering their efforts on gaining better and more representative government for San Carlos, the San Carlos Progressive Assn. has been organized and plans to run three representative citizens against incumbents at the community election on Apr. 11.

Disclosure of the new group's formation revealed Tuesday came much as a surprise to the people of San Carlos who learned of the new movement through the 57 who attended the first meeting. This number was surprising since the meeting was given no publicity.

The new organization promises to open up the political campaign in the San Carlos area with possibilities of drastic changes looming in the face of the new organization which lists three main purposes.

1. To get all voters out on election day and to get members of the community to take more interest in politics which "seemed obviously lacking at the last election when the tax rate was raised from .32 to .20."

2. To get progressive business men of the community into offices, who would be interested in the advancement of the community.

3. To maintain the association as an informal organization, with no set dues (all finances coming

Court Sustains San Bruno Demurrer

Superior Court Judge A. R. Schotky Monday sustained a demurrer of the City of San Bruno, which gives it the right to refuse to grant building permits to Frank A. Poirier, contractor.

Poirier had filed a petition for writ of mandate and the order was signed last week by Judge Maxwell McNutt. Poirier had charged city officials had refused to grant permits to build five houses for a war housing project.

they were born on Leap Year. Born Tuesday at Mills Hospital were a son to Mr. Theodore Moudakas, 533 Cleveland Ave., Redwood City; a son to Mrs. Dick Ragsdale, 1200 Carmelita Ave., Burlingame; and a son to Mrs. Rufus Laurence, Half Moon Bay.

William Lucey Files Papers

With the filing of nomination papers last week by William J. Lucey, San Carlos now has four candidates in the field for three positions on the city council to be filled at the municipal election Apr. 11.

Lucey, a lithographer, lives at 1820 San Carlos Ave. His sponsors are Carl Yearling, Alcide Froidevaux, W. L. Vawter, Mrs. L. Miedler, A. DeVeikis, Dr. M. Hoffman, C. M. Metcalfe, Carl Hoffman, Sterl Boothby, and C. F. Graef.

Nomination papers were taken out by Robert T. Harris, Borden Dairy Delivery employee. A. H. Sagehorn, E. R. Burton and Donald Lilly, incumbents, are the other candidates in the race.

Closing date for filing nomination papers is Mar. 11.

Raymond Daba Secures Nomination Papers

Raymond J. Daba, young San Mateo attorney with offices in San Mateo and Redwood City, has secured nomination papers from County Clerk William H. Augustus for state assemblyman, indicating that Assemblyman Harrison W. Call may have opposition for re-election at the May 16 election.

Daba secured papers for both the Democratic and Republican tickets. He recently received a medical discharge from the army air corps. Prior to entering the service he served a brief period as municipal court judge in San Mateo.

Daba is a graduate of San Mateo High School and Stanford University Law School.

Bay Motors Named Contract Garage

Appointment of the West Bay Motors Inc., 1113 Main St., Redwood City, as the new contract emergency road service station for members of the California State Automobile Assn., residing or traveling in Redwood City, San Carlos and vicinity, is announced by S. W. Dutart, district manager for the motorists' organization.

The newly designated C.S.A.A. station, operated by Ferris W. Miles, is prepared to furnish 24-hour emergency road service. It succeeds to contracts formerly held by Service Garage, Redwood City, and Johnson's Auto Service, San Carlos.

Oakland Nabs Negro

SAN MATEO—Edward Butler, a 30-year-old Negro, charged with passing several phony checks on the Peninsula a few weeks ago, Tuesday was in custody of Oakland police, where he is recovering from a bullet wound in the leg which he received when he resisted arrest on February 10th.

Butler is accused of passing fictitious checks on the National Life Insurance Co. for \$70.50, both in San Mateo and Redwood City, and faces several counts on the same offense in Oakland. Police described Butler as a member of an East Bay forgery ring headed by a Negro known as the "brains" of the group.

They operated, police said, in many Bay area towns, where the leader would drive the accomplice and wait, while he cashed a check under the name of Steve Malcolm. Robert O'Brien, San Mateo's chief of police, said warrants were being issued to bring Butler back to face charges here.

Negro Sailor Gets S.F. Negro Attorney

Andrew Lee Thomas, 22-year-old Tanforan Negro sailor held on charges of assault and attempted rape, will be represented in San Mateo municipal court next Wednesday when he appears for a preliminary hearing by a well-known San Francisco Negro attorney, Judge Francis W. Murphy. Rev. William C. Sample, pastor of the Pilgrim Baptist Church of San Mateo, told the court Saturday that he had engaged Atty. Edward D. Mabson to defend Thomas, who has denied that he is guilty of the charges pressed against him by 24-year-old Mrs. Mary Jinks of San Mateo.

Jay Gould's Band At Casa Loma

Jay Gould, who formerly was vocalist for Hal Grayson and his orchestra, now has a band of his own and is playing at the Casa Loma, one and a half miles south of Palo Alto.

Gould's band played for some time with the road show "Student Prince" and has appeared in several Bing Crosby pictures. Gould will play at the Casa Loma every Friday and Saturday night.

Supervisors To Appeal to Railroad Commission for Solution To Half Moon Bay's 'Deplorable' Water Problem

San Mateo County Board of Supervisors Tuesday voted to appeal to the State Railroad Commission to grant a hearing in an endeavor to improve the domestic water situation in Half Moon Bay.

The board also recommended that Half Moon Bay either form a public utilities district or incorporate.

The water situation at the Coastside town has been termed deplorable and E. A. Holgerson, spokesman for a Half Moon Bay delegation seeking to remedy the situation, today declared "We haven't had a good clean bath since the rain started."

Holgerson said the Coastside group did not know how to proceed and asked the board for advice. He pointed out that the reservoir from which the water is secured has been uncovered since a windstorm blew the cover off several years ago. He said the group, named by the Half Moon Bay Chamber of Commerce, had secured 365 signatures on a petition which declared the residents were of the opinion that "something must be done."

Half Moon Bay housewives are alarmed by the situation, Holgerson said.

The San Mateo County Health Dept. has found the water unfit for human consumption, Holgerson said.

If the railroad commission grants

a hearing on the problem it might compel the Public Utilities California Corp., which supplies the water for Half Moon Bay residents, to improve the water system, Asst. Dist. Atty. Daniel E. Sullivan said.

Sullivan recommended to the Coastside delegation that it examine the Belmont Water Dist. system for suggestions. He said the Belmont district is "pre-eminently successful." If this system were adopted, Sullivan said, the Coastside could have their own water and sell it.

Supervisor Thomas L. Hickey recommended that water be secured from Pilarcitos Lake and recommended that a survey be made to determine the advisability of the plan. He declared the water from the Pilarcitos is "as nice water as I have ever drunk." The water could run down Pilarcitos Canyon to Half Moon Bay, he said.

"You would have water for all time to come and you would be able to buy it very cheaply," he said.

County Engineer M. A. Grant, however, declared his department does not have money to make the survey.

Supervisor Chmn. Fred E. Beer told the Coastside group that Half Moon Bay has arrived at a stage where it is no longer a little village and recommended that the town be incorporated. He said he

anticipated that after the war the Coastside would be built up.

Beer advised representatives of the town to confer with the district attorney's office to determine which direction to go.

The water used by Half Moon Bay residents comes from an unprotected source of supply and flows by gravity into an unprotected reservoir. John F. Fickeisen, chief sanitary inspector for San Mateo County, said that the residents had been warned to boil all drinking water.

Fire Department Answers Two Calls

A woman at 11 Center St., whose name was not secured, called the Redwood City Fire Dept. Wednesday to ask how she could put out a fire in a mattress. Firemen responded by going out with a small truck.

It developed that the woman was expecting her son home, and didn't want a water-soaked mattress when he arrived. She had the fire almost out, firemen said, when they arrived.

A second call at about 6 a.m. proved to be a false alarm, the report being made by a woman who mistook smoke and reflection in the sky of an incinerator at 68 Davis St. for a real blaze.

Stamp 40 Now Valid

Sugar stamp 40 in Ration Book Four, which is good for five pounds of sugar to be used for canning, will be valid for a year and will not expire until Feb. 28, 1945, district Office of Price Administration officials emphasized today. This announcement was made to counteract false reports that the stamp would expire this month.

The OPA declared that consumers have no right to use stamp 40 except for the purchase of sugar which is used only for canning purposes. It was explained that if needs for canning sugar are greater as the canning season advances, application may be made to the local war price and rationing board for more than the five pound allotment of book four.

Stamp 30 in book four is currently valid for five pounds of sugar for general use. This stamp will continue to be good for an indefinite period. Stamp 31, the next sugar stamp, will become valid on Apr. 1 for five pounds of sugar; no expiration date has been announced for this stamp.

Taxidermy was first practiced in the 17th century.

MONTGOMERY WARD

SAVE TIME! MONEY! GASOLINE!

DO ALL YOUR SHOPPING AT

Wards

FOR ALL OCCASION WEAR! WARDS SEMI-SHEER RAYONS 75¢

Full fashioned stockings in the semi-sheer weight that you can wear morning, noon and night. They're made of 100-denier rayon with reinforced tops and feet, and they're knit to cling so flatteringly to your legs. Smart colors. Sizes 8½ to 10½. Be sure to buy at least two pairs. Rayon stockings take longer to dry, and they must be thoroughly dry before you put them on!

YOUR NEW EASTER PUMPS 3.98

Of course, you need pumps for that new Easter outfit! If you're suit-conscious, try a stub toe leather pump in Army russet. For dressy wear choose a patent open toe pump with Cuban heel.

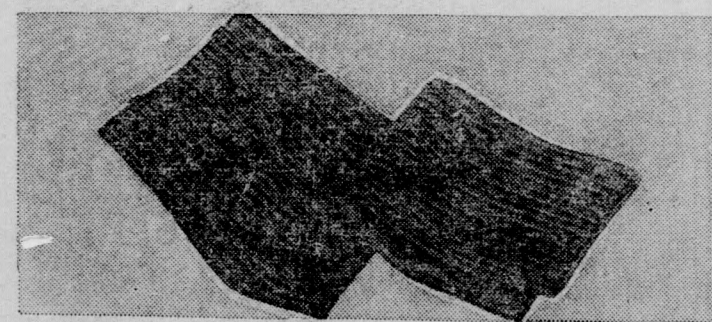

CHILDREN'S STURDY SHOES 2.29 and 2.39

Rugged styles in durable brown leather that are ideal for school or play! The plain toe boot with leather soles gives firm support. The moc toe oxford with Pliolex soles is made for rough wear.

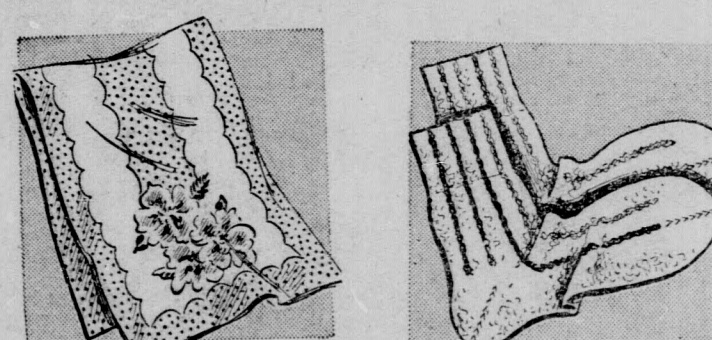

GIRLS' COTTON DRESSES AT WARDS FOR ONLY—1.39

Sizes 1 to 14. Every little girl likes a dress from Montgomery Ward—especially when it's one of these fresh-as-a-daisy cottons! They come in charming prints and lovely solid colors . . . in the smartly simple styles that girls appreciate, and with the careful cut that means good fit. Their prices are so low that budget-wise parents will appreciate them, too!

BOYS' CORDUROY LONGIES 2.69

Sizes 4 to 10. Corduroy wears like iron . . . that's why it's so practical for junior boys! Come in and see how sturdy these longies are! In dark colors that are slow to show soil.

WARDS BETTER KITCHEN TOWELS 49¢

Big, handsome prints on a better cotton that gives excellent wear. Tubfast. About 16"x29"

WHY PAY MORE FOR YOUR ANKLETS? 20¢

These long-wearing cottons come in the colors you want! Classic styles. 6½ to 10½.

COMMUTERS: R.C. Girds For Red Cross Campaign

BY JOE CABOOSE

Life on the home front these days seems to be just one fund-raising campaign after another. We're still reeling from the Fourth War Loan drive, and wondering if we'll be able to meet the March 15 deadline on income tax, when along comes the 1944 Red Cross War Fund drive.

The quota for Redwood City and environs (Atherton, Menlo Park, Woodside, Portola, East Palo Alto and Ravenswood Park) is \$58,500. And once again the Commuters Club will have a committee in there pitching to help the local chapter reach its goal. It's an all-star committee, composed of 12 good men and true, to-wit: Jack Werner, chairman; Paul Allen, Joseph Besco, Ray Cereghino, John Clarke, William Dobbins, Guy Farwell, Claude Gerdes, Fred Kubes, Stan

won! Just as there will be no let-up in the pressure on the boys at the front—until the final surrender! They have to take it! We must take it! We can't let them down now. Remember, 87 per cent of all Red Cross funds are spent directly for services to the armed forces!"

The following is quoted from a letter sent to all employees by the president of a large San Francisco corporation: "The 1944 campaign to raise funds for the American Red Cross commences Mar. 1 and terminates Mar. 31. . . I know already what you are thinking. I've been thinking the same thing myself. 'Isn't there any letup in these constant demands for funds? War Bonds! War Chest! Red Cross!—Frankly there is no letup—and there will be no letup—until victory is

Perkins, James Toso and Warren (Jack) Welch. Dr. James Thornton, able leader of the local Red Cross chapter, tells us that one million volunteer hours of labor were contributed to the Red Cross by local residents last year. These hours went into home nursing, training, first aid, surgical dressings, knitting, civilian and military sewing, etc. He stated that \$20,000 of last year's funds went into materials and service in connection with preparing for disaster relief, aiding families of service men and the countless odd jobs essential to the home front. Dr. Thornton pointed out that the cost ratio on the basis of hours contributed was 2 cents for each hour of work.

A record like that should inspire all of us to go all out on this drive. Less than 2 per cent of all moneys collected go for administration costs. The rest goes directly for the relief of human suffering, principally for our boys at the front.

The Recorder (SF) quotes the following sign which allegedly hangs in the window of a California grocery store: "We know it's hard to get meat,

butter, shoes and other things—but it's much harder to learn Japanese."

A recent letter from Uncle Jim complains about the "servant problem." He said his hired hand is drinking hard again, that he was so intoxicated the other night he fell down three times trying to carry him (Uncle Jim) into the house. Bert Morgan, Wayne Burke, Ray Cereghino et al, are setting new records in their work for Club Pack 16, sponsored by the Commuters Club. At an Indian craftsmanship show last Friday at McKinley

school, 40 boys and a like number of parents turned out for the evening's entertainment. Burke is doing an inspired job as pack leader.

While we're on the subject of work among the juniors, an orchid to Mrs. Montell E. Bigler who has so successfully carried on the Junior AWVS work started here by Mrs. John Nordstrand. Because of illness in the family and the press of other duties, Mrs. Nordstrand had to yield some of her strenuous war work to other hands.

It took us four days and four

nights to find out we didn't have brains enough to make out our income tax return. So we went, hat in hand, to the comptroller of our company, a recognized tax expert, and asked if he would help us out. He did. Two hours later he announced we had overpaid the government \$190, and then he tossed the return over to his assistant and asked him to check his findings. Two hours later, the assistant comptroller, also an expert, advised that we owe the government \$69.70. That's a true story, so help us. Now we're right back where we started. Only worse. We're now in the dog-

house at the office for starting a feud between the comptroller and his assistant.

Speaking of feuds, we're glad to see that FDR and Alben have kissed and made up. It seems (we hate to do this to you, folks) that the senate leader's Barkley was worse than his bite.

About 12,763 local civilian defense councils have been organized throughout the nation.

Mecca has a permanent population of 80,000.

A Report to the Public by JOHNS-MANVILLE

Highlights of our second full year of wartime operation

HOW well American industry is doing its wartime job is now known to the American public. They know that during 1943 production miracles were performed to make our fighting men the best equipped in the world.

The road to Victory will be hard and long. We must continue to supply our armed forces with everything they need. But some day peace will come and American industry will face the enormous task of converting our factories from war production to the making of the many things we want and need.

The problems will be difficult. We at Johns-Manville are facing these problems squarely, with full recognition of our responsibilities and our obligations to the public, to the Johns-Manville men and women now in service, to our present employees and to our stockholders.

We now have \$10,000,000 deposited in a Fund for Deferred Expenditure to meet the unusual contingent obligations created by war, to care for capital expenditures which would have been made during the war years if it had not been for war conditions, and to help finance necessary post-war developments.

Part of this Fund is intended for the peacetime expansion we believe probable, and will help provide employment for our men and women now in the armed services when they return. In such expansion will lie the future opportunities for all of us.

We know that our obligations can be met only by devoting all our abilities and intelligence to keeping our company sound and healthy, and by anticipating and preparing for the future.

We publish below highlights of our annual statement as a report on the progress we have made in 1943.

Total Income	\$107½ million
For all costs (except those shown below)	\$ 48 million
To employees for salaries and wages	\$ 43½ million
To government for taxes	\$ 11½ million
To stockholders in dividends	\$ 2 million
Leaving in the business	\$ 2½ million

* Wages and salaries in 1943 were 17½ percent greater than in 1942. Employees numbered 14,100 or 1,100 less than the year before.

* Taxes were equivalent to \$13.56 per share of common stock or \$817.64 per employee.

* Earnings after taxes were 4½ cents per dollar of total income, compared to 5 cents last year.

* Dividends of \$7.00 per share were paid on the preferred stock and \$2.25 per share on the common stock.

* Army-Navy "E" awards were made at our Manville, N. J., and Lompoc, Calif., factories and a second "E" award was made at the Kansas Ordnance Plant built and operated for the War Department by Johns-Manville.

* More than a thousand products manufactured by Johns-Manville are now serving our armed forces and our war industries.

Johns-Manville will continue to focus all its energies on the production of war materials needed by our fighting forces, and repeats its pledge that—when peace is won—we again will produce more and better things for the kind of better living for which our country is fighting.

Louis H. Brown
PRESIDENT, JOHNS-MANVILLE CORPORATION

These are a few of the products coming off the Johns-Manville production lines: Insulations for ships, steel mills, synthetic rubber plants and other vital war industries; packings, gaskets, brake linings for war machines; building products for war construction; Celite products for camouflage paints; asbestos fiber; bombs and shells.

Those desiring more complete information should refer to a booklet containing the formal Annual Report to Stockholders which we will be glad to furnish on request. Address, Johns-Manville Corporation, 22 East 40th St., New York 16, N. Y.

SAFEWAY Homemakers' Guide

Compare SAFEWAY'S LOW PRICES—

Compare prices? Why, yes—it's a good old-fashioned custom which can mean the difference between having enough fine food for your family, and having not quite enough! Here at Safeway, you'll find prices consistently low. Low enough to make up that difference week in and week out. Make the test! Save at Safeway!
